Product Name	Bacteriostatic Water 10 mL/vial	**Manufacture Date**	2026-09-02
Batch No.	WM-F5M5-WA10	**Expiry Date**	2028-09-01
Brand	ANMIT LABS	**Manufacturer**	SUZHOU XILIN TECHNOLOGY CO.,LTD
Sample description	Clear aqueous solution in sealed vial	**Intended use**	For laboratory research use only

Test Item	Specification	Result
Appearance	Clear, colorless liquid	Conforms
Fill Volume	NLT labeled volume	Conforms
pH	4.5-7.0	6.0 / Conforms

Product Description / Composition

Product illustration; not a sample photo

Bacteriostatic Water is a clear aqueous solution supplied in sealed vials and prepared according to the confirmed product specification and batch production records.

Product code: WA10
Composition: Water q.s.; Benzyl Alcohol 0.9%.
Storage: Store at controlled room temperature, 20-25 C. Protect from light.

Quality Control Results

Test Item	Specification	Result
Appearance	Clear, colorless liquid	Conforms
Visible Particles	No visible foreign particles	Conforms
Fill Volume	NLT labeled volume	Conforms
pH	4.5-7.0	6.0 / Conforms
Container Closure	Vial properly sealed	Conforms

Conclusion: The above batch complies with the listed specification based on the applicable quality-control records.

Peptide HPLC purity and ESI-MS identity testing are not applicable to bacteriostatic water.

Remarks: For laboratory research use only. Not for human or veterinary use.
